Step 1 / Summary

Quick Summary Of Method

What we will be doing is using a very cheap source of traffic to to get subscribers fast. You will need a "make money" squeeze page for this to work; you can use your own or you can head over to the URLs below :)

[Killer Video Squeeze Pages](#) or [Income Fuser](#) . You will get a fantastic setup that will give you a great squeeze page and your own product too, all ready-made. I highly recommend this product, as it has everything you need, even OTO (One time offer) pages where you sell your own product and get paid instantly by PayPal. Income Infuser is what I use. However, Instant Video Squeeze Pages is what I'm about to upgrade to, as video seems to be the best direction to go in these days, and I'm not sure if you get OTO pages that pay by PayPal using the Instant Video Squeeze Page product. So have a look at both and see what you think. Obviously you can make your own pages and add your own products if you want to do that instead, or perhaps you might already have these in place, in which case you can skip this step and get on with the secret traffic source of mine.

If you don't get that set up, then all you need is a squeeze page that has this kind of idea, e.g.:

All you need is something to do with making money! \$\$\$

6. **To rebrand this report with YOUR name and YOUR affiliate links** [CLICK HERE](#)

*Please note if you go it alone this method may not be as effective, as you may only have the opt-in page you build and no OTO offers, that's if you don't go ahead with the above recommended product. However, you can still build a list and make money from backend offers by emailing your subscriber's product offers such as Clickbank, etc., and you will still be able to build a substantial business from this no matter which direction you take!

The subscribers we will get will be desperate to make money, so they will opt in to our lists very quickly. Once we have at least 300+ we will join another service to quickly swap these subscribers to more higher targeted subscribers/buyers. We will be doing this via ad-swapping.

If you prefer, you can even build a much bigger list before we take the next step: it is entirely up to you. :)

This will generate an enormous subscriber/buyer list in a very short time period (I have been able to get 800 subscribers a day just using just the cheap source of traffic in my first method!!!!).

I must admit I'm very proud to be giving this information away. This kind of top secret method is not talked about and for very good reason! All the top marketers use it!!!!!! You will notice them soon, as you will see them as members of one of the sites we will visit soon.

This is the fastest way to build an internet marketing business. You can get this set up in no time and be making money as soon as tonight (as long as you have the correct setup), which is why I highly recommend the package above.

You have really been handed a bucketful of wealth with my method, so make sure you take action, people. You will thank me for this, I'm sure. :)

OK. With that being said, let's move on to step 2. :)

7. **To rebrand this report with YOUR name and YOUR affiliate links [CLICK HERE](#)**

Step 2

Aweber

Get started now by getting yourself a trial Aweber account for only \$1 today

>>>>>> <http://www.aweber.com/>

If you already have Aweber, you will not need to sign up to Aweber again. :)

Step 3

Hosting

Hosting will be required. Although there are many hosting services to choose from, I would recommend a good service that's reliable, and I have heard that Hostgator is limited when you are sending lots of traffic. For this reason I would recommend not using Hostgator and instead recommend that you use the same hosting provider as me. >>>>>> <http://www.arvixe.com/>

If you choose to ignore my recommendation then results may not be as good as they could be! (I-SPY HOSTING IS **NOT RECOMENDED DO NOT USE THEM)**

(from only \$4 a month using <http://www.arvixe.com/> you get peace of mind and also very easy to set up your sites)

8. **To rebrand this report with YOUR name and YOUR affiliate links [CLICK HERE](#)**

Step 4

Secret traffic source

You will need to go here >>>>>> adf.ly

This is where we start to get the cheap clicks and subscribers really quickly. Remember, we only need 300+ subscribers (or as many as you like) to go on to the next stage, which will be ad-swapping with other serious Internet marketers. This is when you will notice that you are on your way to online wealth at a very fast rate.

Providing you have everything set up correctly – IE, your squeeze page and one time offers - this when you will start to make money fast.
OK. Moving on...

Go here and set up an account; it's simple enough. :)
>>>>>> adf.ly

Then click **Create Campaign**

There is a minimum PayPal deposit of \$5.00.

I would recommend you use their WORLDWIDE traffic, as that's what I use. It's only \$1.00 per 1000, which is very cheap indeed. Note: you can direct Adfly traffic almost anywhere so it can be very handy, not just for my method, but the possibilities are endless; CPA, Clickbank, Amazon etc. :)

As you can see below, I am ordering 20,000 **worldwide** visitors

Package Description / Country	Price 1,000	Purchase
Worldwide Deal Traffic from all over the world.	HIGH AVAILABILITY! \$1.00	<input type="text" value="20"/> k
Proxy Traffic Deal Traffic from proxy servers. All the rules above still apply EXCEPT it is from known proxy servers, great for some quick and cheap traffic. This is still human traffic, no bots.	\$0.40 1/2 PRICE SALE!	<input type="text"/> k

You can choose traffic from all over the world but personally, I just use WORLDWIDE; it's cheap and gets this part of my method done in the fastest possible way. :) On the next page you will see this, as shown below Just enter a name for your advertisement (website name, this can be anything you like; just make sure you include the URL to your website). I just copy and paste my website URL into the box provided.

Advertising Rates

Please complete the form below to continue creating your campaign.

You can see an example of how our advertising looks [here](#).

Previous Website:	<input type="text" value="Create new website.."/>	
Website Name:	<input type="text" value="ANY NAME YOU LIKE"/>	<i>(only for internal use)</i>
Website URL:	<input type="text" value="http://YOURDOMAIN.COM"/>	<i>(must comply with our r</i>
Max. Daily Budget:	\$ <input type="text" value="20.00"/>	<i>(enter 0 for no budget)</i>

10. **To rebrand this report with YOUR name and YOUR affiliate links** [CLICK HERE](#)

After making payment with PayPal, you just need to wait until your website is approved. :)

This does not usually take long. I have sometimes been approved within a few hours or a few days; it just depends how busy Adfly is.

Once approved, the traffic will flow, providing the campaign is not on pause, as it will need to be active for the traffic to come through. Check that the traffic is coming through by checking your Adfly stats. You can see the stats by simply logging in to your Adfly account.

You should start to see subscribers in your Aweber account almost immediately, :) and once you get to around 300+ subscribers your good to go on to the next stage (ad-swap).

Once you have the minimum of 300+ subscribers you can start with adswapping also simply keep buying 30,000 adfly traffic once per week to keep the traffic flowing and that way you are constantly building your list and then you can get more clicks to the people that you swap with and should be able to swap with people who have bigger lists than you.

Listname	Today	Yesterday	Subscribed
sp2011	0	0	29
homeworkerspro	0	0	7
makemoney1st	0	0	75
makemoneyeasyaz	108	43	1,290
weightlosspage1	0	0	34
Totals	108	43	1,435

Here is one of my proudest moments, when I first tested this method. 108 subscribers in only one hour! It took me just one minute to launch a campaign sending 20,000 visitors from Adfly and I got 108 fresh subscribers in about one hour! PROOF ABOVE! :) :) This screen shot was taken when I first achieved this by doing exactly what I have shown you. You can also see the day before, when I got 43 subscribers. All I did was double the traffic from Adfly. You wouldn't believe me if I told you, but I've since got over 800 subscribers from this method in a single day! I should have taken a screen shot that day too, but in all honesty I didn't plan to sell my method. I was going to be selfish and keep this all to myself until I discovered there was plenty of scope out there for everyone to get on board. :) In fact I was so impressed I put this image on Facebook and added a status so everyone could see it. You can add me here if you like :)

Step 5

Ad-swapping

When we get to the ad-swapping is when this whole system gets really serious, with targeted subscribers and buyers. You can't get any more targeted than this. :)

The place I can recommend for ad swapping is

>>>>>> <http://discount.safe-swaps.com/>

The reason I suggest this exact site is mainly because it's safe, reliable and trustworthy.

This really is the best site around to be doing ad-swaps with!!!

You can also buy solo mailings from there, giving you even more subscribers.

However, before we go ahead with this part, we must make sure we have everything set in place and are ready for the green light. :)

Make sure the following are in place before you move on to the ad-swap method

- 1) Squeeze page is set up and working properly (opt in yourself and check).
- 2) Aweber is loaded with quality messages and is working as it should (if you purchased the recommended packages you will already have this).
- 3) You have at least the recommended 300+ subscribers.
- 4) You have at least one OTO offer ready for your subscribers.
- 5) You're excited as you bump up your business to the highest level in the fastest possible way. :)

Just wait until you see whose faces are on this site

Top Warrior Forum Members Plus Many of the Clickbank Gurus....

Can you see why no-one mentions the power of this method ?

Its simple! No-one wants YOU to know about this!

We're going to legally steal top quality subscribers and add them to our own lists!!!

To start we just need to create your email swipe (this is what all the other members will be sending to their list) to get as many subscribers as you can handle to your squeeze page.
